Focus in UX & web design
Art history & humanities minors
Graduated *summa cum laude*
University of Louisville

Honors thesis:
Interaction Design for Retention

EXPERIENCE

Humana | Senior Product Designer

FEB 2024—PRESENT

- Led the complete redesign of Humana's doctor search tool, used by over 140,000 users per month, significantly improving user experience:
 - Frequency of successful searches increased by over 25%
 - User satisfaction increased by over 20%
 - Frequency of successful PCP selections in the tool is 4x greater
- Produced a high-fidelity, explorative prototype envisioning the use of generative AI to navigate care touchpoints and benefits information in a personalized way.
- Component library owner, increasing efficiency for my team, and socializing our most substantiated design patterns for use by other product teams.
- Conducted several cross-enterprise efforts to promote UX best practices and consistency.

Humana | Product Designer 2

MAY 2022—FEB 2024

- Led the design of a doctor search MVP to be used by internal pilot users. Usability of the MVP was rated over 72%, an 18% improvement over the existing doctor search tool. This greenlit efforts to scale the MVP into a full replacement of the legacy tool.
- Built and owned the foundational component library for the doctor search product team, increasing UX team efficiency, accessibility, and consistency.

Author by Humana | Customer Experience Designer

MAY 2021—MAY 2022
